

Appendix H
Project Fact Sheet

Project Overview

The Lakeside Solar Project is a 150 megawatt (MW) solar development located in Muskegon County, Michigan. Lakeside Solar will span approximately 1,500 acres and will be connected to the electric grid via the local substation. The project is anticipated to positively impact the local economy by producing significant tax revenue, project construction and operation jobs, and annual contributions through a charitable fund. The gifts donated through the charitable fund are above and beyond any tax revenue delivered by the project. The goal of the charitable fund will be to provide direct benefit and value to the entire community touched by the Lakeside Solar Project. Lakeside Solar is estimated to avoid approximately 190,200 metric tons of carbon dioxide emissions annually during operation, which is the equivalent of taking an estimated 44,300 cars off the road for a year or providing the equivalent electrical usage of an estimated 39,600 homes each year.

PROJECT SPECIFICATIONS

Location: Muskegon, MI	Operational Capacity: 150 MW
Estimated Construction Timeline: 2027 - 2029	Targeted Commercial Operation: 2029

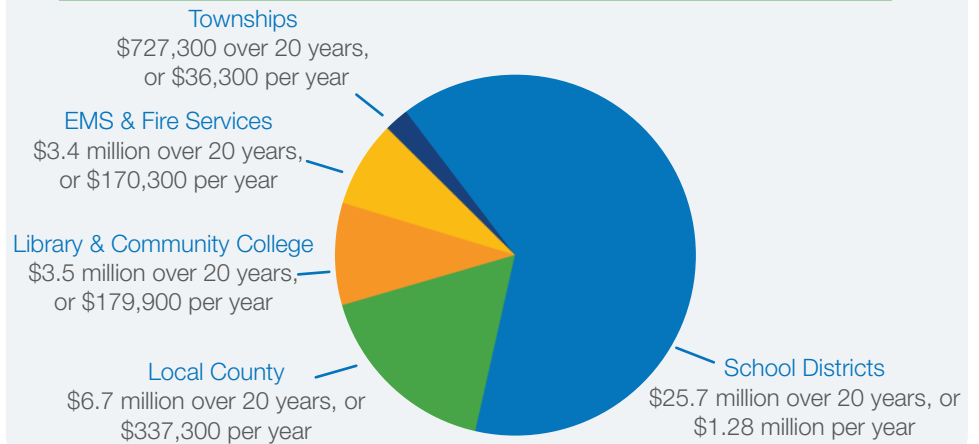

Economic Benefits: Operations and Construction ~\$95 Million Direct Impact Over 20 Years

~\$750,000
Over 20 Years
(~\$37,500 annually)

Charitable Fund

~\$40.2 million
Over 20 Years*
(~\$2 million annually)

Tax Revenue distribution projections:

200
Construction and related
Service Jobs

3
Full-time Jobs

*Calculations based on EPA Greenhouse Gas Equivalencies calculator and on a \$7,000 per MW Payment in Lieu of Tax agreement structure for Michigan solar facilities. Subject to change. Updated 06.25.2025.

About Us

Geronimo Power (formerly National Grid Renewables) develops, owns and operates large-scale power assets throughout America's Heartland, including solar, wind and energy storage. As a farmer-founded and community-focused business, Geronimo Power equips landowners and rural communities with sustainable revenue to ignite local economic growth. To learn more about Geronimo Power, visit geronimopower.com or follow the company on LinkedIn.
